

Roman Bespoke Service

For that awkward bathroom space our made to measure Bespoke Service can help you overcome any problems presented by the location of your shower enclosure or bath screen. We know how important it is to design an individual solution to fit in accordance with your own bathroom measurements.

- Made to measure items which fit almost anywhere.
- All products are made in accordance with your own measurements.
- We endeavour to provide fast and efficient answers to all your questions.
- The cost is not prohibitive.
- Many designs to suit all tastes.
- Measure and fit service is available.

Direct Delivery and Installation Service

We also offer a comprehensive and exclusive direct delivery and installation service. This service is available across our entire range of enclosures and bath screens. The service ensures that the site is correctly measured and that all Roman products are installed correctly the first time, and come with the reassurance of a two year installation guarantee, along with the Truelife, Lifetime guarantee on the Roman product. Please contact Roman Customer Relations on 01325 328033 for details of your nearest retailer.

Orbital Hinged Door OL13S and In-Line Panel OH313S - Corner Angle (left handed).

Design Dilemma:

Loft Conversion

Roman Design Solution:

You require an enclosure to be installed in a bathroom as part of a loft conversion but standard products do not take account of a sloping ceiling.

Our Bespoke Service can design an enclosure door, profile, panel or screen with an angle at the top of the glass to match the pitch of the roof.

Collage Hinged Door
CLP1713S, Shower Tray
760mm x 900mm RA97.

Design Dilemma:

Reduced Height Roof or Under Stair Cupboard

Roman Design Solution:

If you simply have a bathroom with a lowered roof or you are converting an under the stairs cupboard and a standard sized enclosure will not suffice.

Our Bespoke Service can design and create a reduced height or width solution.

Our most requested bespoke enclosure is now available as standard: 1700mm high Hinged Door

Design Dilemma:

Side Panel above a Bath

Roman Design Solution:

If you require the shower enclosure to back on to the bath as there is not enough room to position the enclosure on another wall, our Bespoke Service can create a reduced sized panel which can be simply sealed to the side of the bath to create an enclosure.

The tables below show all of the products which are available within our bespoke service, whether the products can be angled, the frame colour and glass options available as well as height and width limits. Simply choose which product you would like, then follow the 6 easy steps below.

1. Complete the form on page 8 and take your drawings to your nearest retailer who will fax them to Roman. For your nearest retailer contact Roman Customer Relations on 01325 328033.
2. Roman will then send a quotation to your retailer for them to discuss with you.
3. If you are happy with this quotation Roman will produce a drawing to illustrate what your final product will look like.
Note: Roman will make all drawings in accordance to your measurements and unless otherwise requested, an adjustment allowance will be included. Please specify your adjustment allowance prior to ordering.
4. Roman will then fax the drawing to your retailer who will pass this on to you. This drawing will be in the form of a fax back agreement for you to sign*.
5. Once Roman receives the agreement, work will begin on your product.
6. You will receive your product within 5-6 weeks.

* *Once this agreement is signed you will be liable for any charges should you cancel your order.*

If in doubt simply call Roman Customer Relations for assistance: 01325 328033.
