

Floor deflector strip visible with door in open position

## Bespoke Frameless Hinged Door

- Glass thickness 10mm
- Glass height 1950 mm
- Adjustment 8-10 mm panel side (no adjustment hinge side)
- The minimalist nature of the product means some water may escape on the hinge side along grout lines or uneven walls. We recommend use with tiled floors.
- Angle cutting is not available
- Doors are outward opening only
- Longer lead times are applicable because of the bespoke nature of the product (Roman Customer relations will confirm leadtime on application)
- Roman strongly recommend the use of our Direct Delivery and Installation Service *(see page 7)*
  
- **Price available upon request for:**
  - Specials over 1600 mm wide
  - Bespoke doors
  - Products with Concealed Fixings
  - Single doors for alcove installation
  
- Pricing below is for standard doors and bespoke in-line panels

Description	Size (mm)	Adjustment (mm)	Price £ (ex)	Price £ (inc)

**ULTRA CARE**

Pure glass...that is what has inspired Roman's Design Team to craft this ultimate minimalist statement piece. This bespoke hinged door has been engineered so there is no wall profile and the hinges are installed directly to your wall. With its 10mm thick glass and truly frameless finish, this fresh take on the hinged door is the ultimate in modern styling.
